

## **Cotswold Eco Fuels Ltd: Environmental Policy**

1. Cotswold Eco Fuels Ltd is committed to minimising the impact of its operations on the environment by means of a continuous assessment and improvement.
2. We also endeavour to encourage similar attitudes within partner organisations with which we associate in the execution of our operational activities.
3. In particular, Cotswold Eco Fuels Ltd will:
  - 3.1. Meet, and where possible, exceed the requirements of all relevant legislation;
  - 3.2. Seek to reduce consumption of materials in all operations,
  - 3.3. Seek re-use rather than disposal of material whenever possible,
  - 3.4. Promote recycling and the use of recycled materials whenever possible;
  - 3.5. Encourage the design of energy efficiency into new services and products while promoting prudent energy management in all subsequent operations;
  - 3.6. Promote a reduction in the level of all harmful emissions;
  - 3.7. Promote the marketing of products that are environmentally safe, make efficient use of resources, and are capable of being reused, recycled or disposed of safely;
  - 3.8. Encourage suppliers and partner organisations to minimise the impact of their operations on the environment and promote the adoption of procurement policies aligned to this objective;
  - 3.9. Encourage the location of structures, buildings and operational plant so as to minimise detrimental visual impact, noise and other environmental impacts ;
  - 3.10. Insure that its environmental policy is monitored and reviewed regularly by management and that the policy is communicated to and, with appropriate training, understood and implemented by the staff.
